

Materials for Live Visual Art

Challenge C: You're Gonna Flip

Team Number: 112- _____

Group Membership Name: _____

Team Name: _____

Team City: _____ Level (circle one): EL ML SL UL

Teams must list all materials that will be used to create their Live Visual Art during their presentations at the Regional and State Tournaments in Iowa. Except for published general clarifications, this form and rule applies *only* to Iowa tournaments and will not apply to Global Finals.

The Prep Area Appraiser will review these materials to determine if any meet the definition of prohibited items. If any items are determined to be prohibited, teams will be given limited time to modify their challenge solution.

Direct any questions to only_kman@yahoo.com AND alisha-heisterkamp@uiowa.edu. Questions from teams will be treated confidentially, in the same manner as Team-Only Clarifications. The deadline for submitting questions is February 20, 2009. Questions received after that date will not be answered.

Prohibited Materials:

- Spray Paint (Published General Clarification #1 issued by Destination ImagiNation®)
- Volatile solvent- and oil-based materials (including, but not limited to oil paints, acrylic paints, paint thinners, varnishes, urethane finishes, shellac, fingernail polish)
- Permanent dyes
- Non-water-based adhesives (including, but not limited to mastics, most caulks, rubber cement)

Our team plans to use the following materials to create the Live Visual Art:

_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

BRING TWO (2) COMPLETED COPIES OF THIS FORM TO EACH TOURNAMENT
